

## CA Measure Inventory

	Performance Measure	PPM	BRAAM_PLAN	GMAP	Description
1	Response in 24 hours to emergent abuse allegations	Yes		Yes	Percent of alleged child victims in emergent referrals meeting policy requirements for initial face-to-face from SW within 24 hours
2	Response in 72 hours to non-emergent abuse allegations	Yes		Yes	Percent of alleged child victims in non-emergent referrals meeting policy requirements for initial face-to-face from SW within 72 hours
3	Early Intervention	Yes			Early Intervention: Percentage of primary caregivers with investigated unfounded or inconclusive CPS referrals and no prior foundeds who had prior I/O, ARS, FRS, or unfounded CPS referrals.
4	Safety after founded referral	Yes			Safety after Founded Referral (Early Warning): Percentage of families with a new non-founded CPS referral within 6 months of a founded CPS referral.
5	Safety of children with in-home services	Yes			Number of families who accept voluntary in-home services following a CPS referral who have a subsequent founded CPS referral within 6 months, using program code 'V' from worker assignments to identify the cohort.
6	Safety during trial home period	Yes			Percentage of Voluntary In-Home Services Families
7	Recurrence of abuse/neglect (6 month rate)	Yes			Percent of victims with a founded allegation of CA/N that have a repeat founded allegation within 6 months
8	Monthly Social Worker Visits	Yes	III.D.1.6	Yes	Percent of children who were seen by the responsible SW for a Health and Safety visit each month they were in a full month of care
8	<i>Monthly Social Worker Visits - informational report 1</i>		info_III.D.1.6	Yes	Percent of monthly visits that were more than 40 days apart
9	Timely placement with relatives	Yes			Percentage of children placed with relatives within 30 days of entering placement, among all children entering care with lengths of stay of at least 7 months.
10	Unstable placement with relatives	Yes			Percentage of children who do not remain with relatives for at least 6 months; among all children entering care with lengths of stay of at least 7 months.
11	Sibling placement (all others AND at least some others)	Yes	III.E.1.1 and .2		Percentage of children placed with some or all other siblings for all children with siblings in DCFS custody in placement on last day of each quarter. Excludes children in non-family home settings: respite, hospital, JRA, OTR, CRC, etc., and all children with time in care < 8 days.
12	Placement stabilization	Yes			Percentage of children currently in care who have not moved within 12 months of their previous move or their entry into placement. Open/exit cohorts for a given reporting period for children in care with LOS >= 1 year, using WA exclusion rules for events.
13	Stability for adolescents	Yes			Percentage of emancipated youth (exit cohort; exit=date of emancipation) who had no placement moves during their last year in care, using WA exclusion rules for counting qualifying events; for youth in care at least 1 year prior to emancipation.
14	No repeat running	Yes	info_III.F.3.1		Percentage of children with a history of running (at least one OTR event during the current or any previous placement episode) as of the start of the quarter without a repeat run event by the end of the quarter.
15	Availability of foster home beds	Yes	III.A.1.1	Yes	Ratio of licensed foster home beds to children in licensed foster care: mo average count of licensed homes & bed capacity / mo average counts of children in licensed foster care
15	<i>Availability of foster home beds - informational report 1</i>		info_III.A.1.1		Ratio of licensed foster home beds to children in licensed foster care: caregiver preferences for age groups, level of care provided

## CA Measure Inventory

	Performance Measure	PPM	BRAAM_PLAN	GMAP	Description
15	<i>Availability of foster home beds - informational report 2</i>		info_III.A.1.1		Percentage of foster homes remaining active 1,2,3,4 and 5 years after licensure
16	Maintaining family connections	Yes			TBD
17	Safety risk during trial home period	Yes			Percent of families with reunified children who have new CPS referrals during the six-month Trial Return Home period; for all children in DCFS custody with episodes prior to reunification with LOS > 60 days. For ALL children returned home after a stay of > 60 days, regardless of correct IHD documentation in CAMIS
18	Placement Re-entry	Yes			Percentage of children re-entering placement within 12 months of reunification, using an exit cohort, "look forward" method; disruption of reunification, adoption, and guardianship tracked, but only reunification disruption rate reported in the measure. Children in DCFS custody with initial (exiting) episodes and re-entry episodes of any LOS. Per new Federal definition, children returned to care before end of a six-month Trial Return Home (documented as an IHD following a reunification/closed episode) are excluded from the re-entry count.
19	Time to Permanency	Yes			Estimated median length of time in care, for all children entering care during the measurement period with Length of Stay > 60 days.
20	Lack of progress to Reunification	Yes			Percentage of children in care more than 60 days in each period with a permanent (primary) plan of reunification who are NOT reunified as of 9 months in care, of all children whose time in care would have exceeded 9 months during the period, whether exiting or not.
21	Exits from long-term care	Yes			Percentage of DCFS-custody children in care for more than 2 years at the start of the measurement period who exit care by the end of the period.
22	Timely CHET completion	Yes	III.B.1.2	Yes	Percent of children requiring a CHET screen with a completed screen within 30 days of placement
22	<i>Timely CHET completion - informational report 1</i>		info_III.B.1.2		Percent of children requiring a CHET screen with a completed screen within 45 and 60 days of placement
22	<i>Timely CHET completion - informational report 2</i>		info_III.B.1.2		Percent of children with EPSDT completed within 30,45 and 60 days of entry into care
22	<i>Timely CHET completion - informational report 3</i>		info_III.B.1.2		Percent of children ages 0-60 months with developmental screens within 30, 45 and 60 days of entry into care
22	<i>Timely CHET completion - informational report 4</i>		info_III.B.1.2		Percent of children ages 6-18 years with completed behavioral screens within 30,45 and 60 days of entry into care
22	<i>Timely CHET completion - informational report 5</i>		info_III.B.1.2		Percent of school aged children for whom educational records were received within 30,45 and 60 days of entry into care
23	Placement Stability		III.A.1.2		Percent of children in placement with less than 3 qualifying placement events during their removal episode by entry year and time in care
23	<i>Placement Stability - informational report 1</i>		info_III.A.1.2		Percent of placements beginning over previous 5 years with <3 placement events by time in care and entry year
23	<i>Placement Stability - informational report 2</i>		info_III.A.1.2		Frequency report showing the number of children experiencing multiple placements by number of placements, entry year, time in care
24	Case Ratio (% with <19 cases)		III.A.1.3	Yes	Percent of Braam workers with fewer than 19 assigned cases
24	<i>Case Ratio (% with &lt;19 cases) - informational report 1</i>		info_III.A.1.3		Percentage of children placed in relative placements
24	<i>Case Ratio (% with &lt;19 cases) - informational report 2</i>		info_III.A.1.3		Percent of children placed in foster homes licensed for the age of the child

# CA Measure Inventory

	Performance Measure	PPM	BRAAM_PLAN	GMAP	Description
24	Case Ratio (% with <19 cases) - informational report 3		info_III.A.1.3		Percent of children for whom FTDM was held within 72 hours of placement
24	Case Ratio (% with <19 cases) - informational report 4		info_III.A.1.3		Percent of children who change placements within the first 8 days of entry into out-of-home care
25	SPMtg within 60 days of OPD		III.B.1.3		Percent of children with a completed CHET shared planning meeting within 60 days of their removal (OPD)
25	SPMtg within 60 days of OPD - informational report 1		info_III.B.1.3		Percent of SPM's focused on CHET results attended by children age 12+, caregivers, birth parents/guardians,tribal reps and children's reps
26	72 hour screening		III.B.1.1		Percent of children with an initial physical and mental health screening within 30 days of entry into care (OPD)
27	Annual EPSDT		III.B.3.2		Percent of children with an annual EPSDT screening by year in placement and time in care
28	Sibling Visits and Contacts		III.E.2.1		Percent of siblings with at least 2 sibling visits or contacts per month by year in placement
29	Educational Outcomes - School Moves		III.F.2.1		Percent of school aged and enrolled foster youth with no school moves associated with a removal or a change in placement during the school year
29	Educational Outcomes - informational report 1		info_III.F.2.1		Percent of children enrolled in school within 3 days of entry into foster care or a placement move
29	Educational Outcomes - informational report 2		info_III.F.2.1		Comparison of WASL scores for youth currently in foster care with other children
29	Educational Outcomes - informational report 3		info_III.F.2.1		Percent of children at age-appropriate grade level
29	Educational Outcomes - informational report 4		info_III.F.2.1		Annual drop out rate
29	Educational Outcomes - informational report 5		info_III.F.2.1		Percent of aging-out youth with a GED
30	Youth Exit Staffing		III.F.2.3		Percent of youth exiting foster care due to their age (transitioning youth) with an exit staffing within 6 months of exit
30	Youth Exit Staffing - informational report 1		info_III.F.2.3		Percent of youth age 15-18 with a completed ACLSA
30	Youth Exit Staffing - informational report 2		info_III.F.2.3		Percent of youth age 15-18 who were invited to develop and IL plan
31	Frequency of running during the fiscal year		III.F.3.1		Percent of youth in care with a run during the year, run beginning during the year, by year in care
31	Frequency of running - informational report 1		info_III.F.3.1		Percent of children in care who have run multiple times during FY, disaggregated by number of runs
32	Length of running during the fiscal year		III.F.3.2		Median time on the run for youth in care with a run during the year, run beginning during the year, by year in care
32	Length of running - informational report 1		info_III.F.3.2		Mean time on the run for youth in care with a run during the year, run beginning during the year, by year in care
33	Referral to ITEIP within 2 workdays of concern identification		III.B.1.4		Percent of youth under age 4 with developmental concerns who were referred to the ITEIP program within 2 days of their developmental screening
34	Health and Education plans developed in ISSP within 60 days		III.B.2.1		Percent of youth entering care with a completed ISSP within 60 days of removal (OPD) by entry year
35	Health and Education plans updated every 6 months		III.B.2.2		Percent of youth with an updated health and education plan every 6 months (or within the last 6 months) by year in care
36	Graduation rate for foster youth		III.F.2.2		Percent of foster youth continuously enrolled and in foster care 9-12 grade who graduated on - time (calculation consistent with OSPI method)

# CA Measure Inventory

	Performance Measure	PPM	BRAAM_PLAN	GMAP	Description
37	Mental health assessment within 30 days of request		III.B.3.1		Match between youth in foster care and RSN data with request and service dates
38	Mental health treatment within 30 days of assessment		III.B.3.3		Match between youth in foster care and RSN data with intake and service dates
38	<i>Mental health treatment within 30 days - informational report 1</i>		info_III.B.3.3		Percent of children with mental health needs adequately addressed
39	Shared Planning Mtg for RSN denial of service		III.B.3.4		Match between youth in foster care, RSN information about denial of service recipients and shared planning meeting records
39	<i>Shared Planning Mtg for RSN denial of service - informational report 1</i>		info_III.B.3.4		For each child: reason child was ineligible, type of alternative service provided
40	Behavioral health tx provider continuity		III.B.4.1		InfoFamLink data primarily for foster parent sample
40	<i>Behavioral health tx provider continuity - informational report 1</i>		info_III.B.4.2		Percent of cases where applicable mental health information is shared with all involved individuals
40	<i>Behavioral health tx provider continuity - informational report 2</i>		info_III.B.4.2		Percent of foster parents reporting that crisis mental health services were timely
41	Adequate foster parent caregiver training		III.C.1.1		InfoFamLink data primarily for foster parent sample
42	Adequate foster parent caregiver support		III.C.1.2		InfoFamLink data primarily for foster parent sample
43	Adequate foster parent caregiver information		III.C.1.3		InfoFamLink data primarily for foster parent sample
43	<i>In-service training - informational report</i>		info_III.C.2.1		Percent of licensed caregivers with at least 36 hours of in-service training at license renewal
43	<i>Assessment and development plans</i>		info_III.C.2.1		Percent of licensed caregivers receiving annual assessment and development plans
44	Unsafe placements - adult facilities		III.D.1.1		Number of children placed in adult mental health or detox facilities
45	Inappropriate placements - offices, motels		III.D.1.2		Number of children placed overnight in offices or motels based on incidents recorded in AIRS
45	<i>Inappropriate placements - informational report 1</i>		info_III.D.1.2		Number of children experiencing more than 2 placements within a 48 hour period
46	SAY placement safeguards		III.D.1.3		InfoFamLink data primarily for foster parent sample
46	<i>SAY placement safeguards - informational report 1</i>		info_III.D.1.3		Survey results are used for this report: percent of supervision plans written and discussed with caregivers
47	PAY placement safeguards		III.D.1.4		InfoFamLink data primarily for foster parent sample
47	<i>PAY placement safeguards - informational report 1</i>		info_III.D.1.3		Survey results are used for this report: percent of supervision plans written and discussed with caregivers
48	Medically Fragile safeguards		III.D.1.5		InfoFamLink data primarily for foster parent sample
49	Maltreatment in out-of-home care		III.D.2.1		Percent of children not victims of a founded report of CA/N by a foster parent or facility staff member
50	Thorough investigation of DLR reports		III.D.2.2		InfoFamLink used to identify completed investigations, draw sample for case review
50	<i>Thorough investigation of DLR reports - informational report 1</i>		info_III.D.2.2		Characteristics of alleged victimization
50	<i>Thorough investigation of DLR reports - informational report 2</i>		info_III.D.2.2		Outcomes of investigation
51	New foster home applications			Yes	Number of new foster home applications per month, quarter, year
52	New foster home licenses			Yes	Number of new foster home licenses per month, quarter, year
53	New minority foster home licenses			Yes	Number of new minority foster home licensed per month, quarter, year
54	Youth receiving ILS	Yes	info_III.F.2.3		TBD
55	Acquisition of IL skills	Yes	info_III.F.2.3		TBD
